Participation in two job fairs by unit personnel who have substantial responsibility in the making of hiring decisions, 47 C.F.R. § 76.75(b)(2)(i): Fidelity Cablevision, Inc. ("Fidelity") purchased this employment unit in January of this year. Fidelity from time-to-time holds jobs fairs onsite in its Sullivan office promoting current openings. Unit personnel involved include the Director of Human Resources.

Fidelity utilizes Internet-based sources, the company's website, local newspapers, and local employment offices as recruitment sources, including:

- Company website (www.fidelitycommunications.com);
- Careerbuilder website;
- Cable360;
- Monster.com website;
- Local cable television access channels; and
- Job fairs in the greater Sullivan, MO area attended by the human resources team.

Establishment of training programs designed to enable unit personnel to acquire skills that could qualify them for higher level positions, 47 C.F.R. § 76.75(b)(2)(viii): Fidelity established training programs to qualify unit personnel for higher level positions, and supports the efforts of employees to further their education in areas which will benefit their work with the company, or which are required for advancement to higher level positions. For example, Fidelity supports and encourages continuing education through National Cable Television Institute (NCTI) courses and the Society of Cable Telecommunications Engineers (SCTE) Certification Programs. The company pays for unit employees to participate in all courses by these two industry professional organizations. These courses provide the skills and knowledge required for advancement in many of this unit's job classifications.

Establishment of a mentoring program for unit personnel, 47 C.F.R. § 76.75(b)(2)(ix): Fidelity has in place a mentoring program for technical staff. Fidelity's technical supervisors mentor technical staff to provide them with the skills to move into more skilled positions, manages the program.
