- (1) Payment will be due as specified on the Wholesale WBIATS Customer bill. Commencing after that due date, a late charge of up to the highest interest rate allowable by state law will be applied to all amounts past due.
- (2) Collection procedures and the requirement for a deposit are unaffected by the application of a late payment charge. The late payment charge does not apply to unpaid balances associated with disputed amounts. Undisputed amounts on the same bill are subject to the late payment charge if unpaid and carried forward to the next bill.
- (3) Service may be denied or discontinued at the Company's discretion for nonpayment of amounts due the Company past the due date as specified in 2.6.D(1). Restoration of Service will be subject to all applicable installation charges.

2.6.E Credit Allowance/Service Interruptions

- (1) Credit for failure of Service will be allowed only when failure is caused by or occurs in the Company's facilities or equipment owned, provided and billed for by the Company. A credit allowance is not applicable for any period during which Wholesale WBIATS Customer cannot utilize the Service, except for such period where the Service is interrupted by the Company for access to its facilities for the purposes of investigating and clearing troubles and/or maintenance. Additionally, Company shall be excused from performance, and no credit shall be payable, for periods during which services is unavailable, in whole or in part, as a result of one or more of the following: (a) any act or omission on the part of the Customer, any third party contractor or vendor, or any other entity over which the Customer exercises control or has the right to exercise control; (b) the Customer's applications, equipment, or facilities; (c) scheduled outages; (d) any

- event or occurrence that results in “No Trouble Found” resolution; (e) force majeure or other events beyond the control of Company, including, but not limited to, acts of God, natural disasters, cable cuts, government acts and regulation, and national emergency; (f) unscheduled outages associated with new installations or users; (g) interruptions associated with any act or omission on the part of the Customer or a third party, including, but not limited to, any third-party telecommunications carrier, or an interruption where the Customer elects not to release the service for testing and repair and continues to use it on an impaired basis; or (h) interruptions during any period when Fidelity or its agents are not allowed access to the Customer premises where affected access lines are terminated.(2) Credit allowances for failure of Service or equipment starts when the Wholesale WBIATS Customer notifies the Company of the failure and ceases when the operation has been restored and an attempt has been made to notify the Wholesale WBIATS Customer by the Company.
- (3) The Wholesale WBIATS Customer shall notify the Company of failures of Service or equipment and make reasonable attempts to ascertain that the failure is not caused by Customer Provided Equipment or Customer provided facilities, any act, or omission of the Customer, or in wiring or equipment connected to the Wholesale WBIATS Customer's terminal.
- (4) Only those portions of the Service or equipment operation disabled will be credited.

2.6.F Service Interruption Measurement

- (1) In the event of an interruption of Service that exceeds the minimum requirements set forth in this paragraph, the Company shall make a credit allowance at the Wholesale WBIATS Customer's request for a pro rata adjustment of all Service charges billed by the Company for Services rendered inoperative by the interruption. The credit allowance will be computed by dividing the duration of the service interruption measured in twenty-four (24) hour days, from the time the interruption is reported to the Company, by a standard thirty (30) day month, and then multiplying the result by the Company's fixed monthly charges for each interrupted Service.
- (2) A credit allowance will not be given for interruptions caused by the negligence or willful act of the Wholesale WBIATS Customer, or interruptions caused by failure of equipment or service not provided by the Company. To receive credit, Customer must request the credit within 5 days from the date of the interruption.

2.7 Termination or Denial of Service by the Company

2.7.A The Company may, immediately and without notice to the Wholesale WBIATS Customer, and without liability of any nature, temporarily deny, terminate, or suspend Service to any Wholesale WBIATS Customer:

- (1) In the event such Wholesale WBIATS Customer or its agent: (a) willfully damages the Company equipment, interferes with use of the Company's Service by other Wholesale WBIATS Customers of the Company; (b) unreasonably places capacity demands upon the Company's facilities or Service; or (c) violates any statute or provision of law, or any rule or regulation of any

- state or federal regulatory agency relating to communications; or (d) otherwise fails to comply with the provisions of these Rates, Terms and Conditions or applicable law; or
- (2) In the event a Wholesale WBIATS Customer becomes insolvent, is the subject of any formal legal proceeding commenced in a court involving a voluntary or involuntary petition or proceeding in bankruptcy, seeks protection or relief from creditors in a formal legal proceeding after a filing for such relief, or executes an assignment for the benefit of creditors; or
  - (3) In the event that the Company determines that any Service is being used fraudulently or illegally, whether by a Wholesale WBIATS Customer or its agent.

## **2.8 Billing Disputes**

If Wholesale WBIATS Customer believes Wholesale WBIATS Customer has been billed by the Company in error, Wholesale WBIATS Customer must contact the Company within sixty (60) days of the date of the bill which contains the disputed charge. Refunds or adjustments will not be issued for any charge that is more than sixty (60) days old at the time Wholesale WBIATS Customer notifies the Company. Wholesale WBIATS Customer may withhold from payment to the Company the disputed portion of any bill pending resolution of the dispute. Wholesale WBIATS Customer must pay all non-disputed charges on the bill by the due date indicated on the bill. Wholesale WBIATS Customer will be required to pay such amount within fifteen, (15) days thereafter, and if Wholesale WBIATS Customer fails to pay this amount within the time required, Wholesale WBIATS Customer's account will be deemed past due and unpaid and Wholesale WBIATS Customer's Service subject to termination under Section 2.6 above. Any payments Wholesale WBIATS Customer withholds pending resolution of the dispute may be subject to a late payment charge at the highest interest rate allowable by law applied to past due amounts.

## **3. Description of Service**

### **3.1 General**

Wireline Broadband Internet Access Transmission Service ("WBIATS") enables data traffic generated by a Wholesale WBIATS Customer-provided modem to be transported from the premises of the Company's End User Subscriber to the Company's DSL Access Service Connection Point using the Company's local exchange service facilities. A DSL Access Service Connection Point is an interconnection point designated by the Company at which the Wholesale WBIATS Customer may interconnect WBIATS provided by the Company under the Agreement and Rates, Terms and Conditions with transmission facilities ordered by the Wholesale WBIATS Customer under the Company's ETS offerings under NECA Tariff FCC No. 5. The DSL Access Service Connection Point aggregates WBIATS data.

#### **3.1.A ETS Connection**

The Company offers transport of Network Service Provider traffic between the Network Service Provider's designated premises and the DSL Access Service Connection Point through Ethernet Transport Service (ETS) provided under NECA Tariff FCC No. 5.

3.1.B Designated End User Premises

The Company's WBIATS allows Wholesale WBIATS Customers to establish broadband Internet connections to the designated End User Subscriber premises. The designated End User Subscriber premises location must be served by an existing Company provided exchange line facility. An exchange line facility is the serving wire center central office line equipment and all of the plant facilities up to and including the Company-provided NID.

The connection speed or "sync rate" is between the NID at the End User Subscriber's premises and the DSLAM. Actual data transfer or throughput may be lower than the sync-rate due to Internet congestion, server or router speeds, protocol overheads, End User Subscriber use of multiple applications and other factors that may not be under the Company's control.

WBIATS will be provided by the Company subject to the availability and limitations of Company Wire Centers and outside plant facilities.

3.2 Service Options

WBIATS is available in the downstream and upstream options established by the Company as indicated in each option offered by the Company shall specify the downstream and upstream speeds.

3.3 WBIATS Provisioning

3.3.A Responsibility of the Company

- (1) WBIATS will be provisioned over existing Company local exchange service lines.
- (2) Where fiber is installed to the End User Subscriber customer premises, subject to technical capability, the Company will provision WBIATS over fiber facilities.
- (2) Where fiber facilities are not available, the Company will determine if the copper facilities are suitable for use with the WBIATS option ordered by the Wholesale WBIATS Customer. Service will not be provided on lines that are not suitable for Wireline Broadband Internet Access Transmission Service or on lines that produce interference with other services provided by the Company.
- (3) The Company will provision and maintain WBIATS for the Wholesale WBIATS Customer between the NID at the End User Subscriber premises and the Wholesale WBIATS Customer's Ethernet Transport Service DSL Access Connection Point.
- (4) The Company reserves the right to temporarily interrupt WBIATS for wire center or network maintenance, software updates, and in emergency situations.

3.3.B Responsibility of the Wholesale WBIATS Customer

- (1) The Wholesale WBIATS Customer is responsible for obtaining and installing compatible End User Subscriber customer premises equipment (CPE, DSL modems and/or routers) used for connection to Company WBIATS at the WBIATS termination at the End User Subscriber location
- (2) The Wholesale WBIATS Customer is responsible for ensuring the continuing compatibility of CPE at the End User Subscriber premises. The Wholesale WBIATS Customer and/or End User Subscriber shall be responsible for any expenses incurred for required changes to Wholesale WBIATS Customer and/or End User Subscriber equipment or facilities in order to make such equipment or facilities compatible with Company WBIATS.
- (3) The Wholesale WBIATS Customer is responsible for providing the Company with the necessary information to provision the WBIATS to its subscribers.
- (4) The Wholesale WBIATS Customer ordering WBIATS for connection to its End User Subscriber(s) must obtain and maintain record of a letter of agency authorizing the Wholesale WBIATS Customer to act as the agent of the End User Subscriber. Upon request from the Company, Wholesale WBIATS Customer will provide the Company with a copy of the letter of agency.
- (5) The Wholesale WBIATS Customer must have connectivity to Company's Ethernet Transport Service network where Wholesale WBIATS Customer chooses to purchase WBIATS. The rates and charges for Ethernet Transport Service are in addition to the rates and charges for WBIATS as set forth in these Rates, Terms and Conditions.
- (6) The Wholesale WBIATS Customer will obtain the appropriate authorization from its End User Subscriber to allow the Company's employees or agents to enter the End User Subscriber's designated premises at any reasonable hour for the purpose of installing, inspecting, repairing or removing the NID or drop associated with WBIATS.
- (7) The Wholesale WBIATS Customer is responsible for providing all customer support, marketing, billing, ordering and repair to and for its end users.
- (8) The Wholesale WBIATS Customer purchases WBIATS under these Rates, Terms and Conditions on a wholesale basis and is responsible for all dealings with end user customers for Internet service provided by the Wholesale WBIATS Customer on a retail basis.

- (9) The Wholesale WBIATS Customer shall at all times be the customer of record with respect to all Services purchased hereunder and shall be responsible for payment to Company. Wholesale WBIATS Customer retains all responsibility for billing its retail end users and for any claim an end user may make concerning unauthorized billing of Internet or related charges.

**3.4 Rate Regulations**

**3.4.A Rate Elements**

There are three types of rates and charges applicable to WBIATS. These comprise a monthly WBIATS line rate, nonrecurring charges associated with WBIATS line ordered and a WBIATS network reconfiguration charge.

(1) Monthly WBIATS Line Rates

The monthly rate applies each month or fraction thereof for each local exchange service line equipped with WBIATS.

For purposes of application of the monthly rate, WBIATS may be ordered under any of the following options that are offered by the Company as indicated following.

Monthly Rates Without Discount Wholesale WBIATS Customers may order WBIATS at a monthly rate without discount. Monthly rates apply without any volume or term commitment.

WBIATS Term and Volume Plan (TVP) Rates Wholesale WBIATS Customers may order WBIATS under WBIATS Term and Volume Plan (TVP) Rates as indicated following.

Service Classes WBIATS is provided under two classes of service, Voice-Data and Data-Only.

Voice-Data WBIATS provided on the basis of voice-data is designed to support affordable high speed Internet access for residential and business End User Subscribers. The actual throughput achieved by voice-data is not guaranteed and may be affected by many factors, such as Internet congestion.

Voice-Data WBIATS is provisioned over the End User Subscriber's existing Company local exchange switched voice service line. When provisioned over the End User Subscriber's existing local exchange switched voice service line, WBIATS utilizes a centrally placed splitter or in-line filters to isolate the voice band service and equipment from the WBIATS service and equipment.

WHOLESALE WIRELINE BROADBAND INTERNET ACCESS TRANSMISSION SERVICE

Data-Only WBIATS provided on a data-only basis is provisioned over a separate, dedicated data-only Company local exchange line facility.

Line Types Wholesale WBIATS is provided to two types of Company lines: Residential Lines and Business Lines. Residential Lines and Business Lines are defined in Section 2.1, Definitions, preceding.

(2) Nonrecurring Charges

A nonrecurring charge applies per local exchange service line for the installation of WBIATS.

For three-year term commitments, nonrecurring charges do not apply to WBIATS lines.

(3) WBIATS Network Reconfiguration Charge

A WBIATS Network Reconfiguration Charge applies when the Wholesale WBIATS Customer requests the Company to modify the Company's network to accommodate a change in the Wholesale WBIATS Customer's existing WBIATS line. A nonrecurring charge applies for each request per WBIATS line. The Company will bill the WBIATS Network Reconfiguration Charge to the Wholesale WBIATS Customer. No WBIATS Network Reconfiguration Charge shall apply where the change requested by the Wholesale WBIATS Customer is for a change in WBIATS transmission speed.

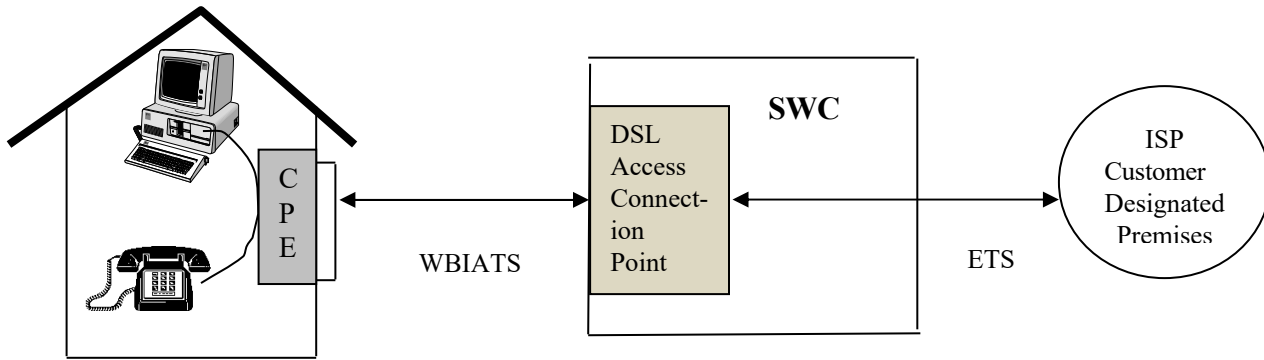

All changes to existing WBIATS (including but not limited to change of ISP), other than changes involving WBIATS Access network reconfigurations and administrative activities, will be treated as a discontinuance of the existing service and an installation of a new service. A nonrecurring installation charge will apply per WBIATS line for this work activity.

3.4.C Minimum Period

For WBIATS provided outside of a term and volume commitment, the minimum period for which WBIATS is provided to a Wholesale WBIATS Customer and for which charges are applicable is one month.

3.4.D Moves

A move involves a change in the physical location of one of the following:

- The Point of Termination at the Wholesale WBIATS Customer's designated premises in the Company's study area.
- The End User Subscriber's customer designated premises

The charges for the move are dependent on whether the move is to a new location within the same building or to a different building.

(1) Moves within the Same Building

When the move is to a new location within the same building, the charge for the move will be an amount equal to one half of the nonrecurring (i.e., installation) charge for the service termination affected. There will be no change in the minimum period requirements.

(2) Moves to a Different Building

Moves to a different building will be treated as a discontinuance and start of service and all associated nonrecurring charges will apply. New minimum period requirements will be established for the new services. The Wholesale WBIATS Customer will also remain responsible for satisfying all outstanding minimum period charges for the discontinued service.

3.4.E WBIATS Term and Volume Plan (TVP) Rates

- (1) Description The WBIATS Term and Volume Plan ("TVP") allows Wholesale WBIATS Customers discounted WBIATS rates based upon the volume and/or term commitment. Rates will be based upon the TVP selected by the Wholesale WBIATS Customer.

Term plans of one (1) and three (3) years may be available to all Wholesale WBIATS Customers at applicable rates set forth in the Rates, Terms and Conditions regardless of when the subscription is made for a WBIATS TVP arrangement. The Wholesale WBIATS Customer must designate on the order the type of payment plan selected. The selected term shall apply to all WBIATS access lines ordered by the Wholesale WBIATS Customer without respect to speed or class. The term commitment is for the aggregate number of lines ordered under a volume commitment. If a Wholesale WBIATS Customer terminates an individual line prior to the running of a term commitment, but the total volume of lines ordered and in service for the Wholesale WBIATS Customer is above the volume chosen for the term commitment, charges for all remaining lines are not affected.

FIDELITY TELEPHONE COMPANY RATES, TERMS AND CONDITIONS JULY 1, 2018  
WHOLESALE WIRELINE BROADBAND INTERNET ACCESS TRANSMISSION SERVICE

- (2) Rate Application Upon expiration of a TVP period, the Wholesale WBIATS Customer may choose a new TVP period, convert to month-to-month or terminate service. The month-to-month rates will be those rates that are in effect at the time of conversion. If the Wholesale WBIATS Customer fails to make a choice by the end of the TVP period, the WBIATS will continue billing at the existing term and volume commitment level rates and a new TVP period will begin based on previously effective term and volume commitment. All terms and conditions, including Termination Liabilities will apply to the new TVP period.

Conversion to a month-to-month or a different TVP period will require the Wholesale WBIATS Customer to submit a change order. Conversion of existing TVP service to a different TVP period will be allowed without application of any nonrecurring charges.

- (3) Changes in Length of TVP Period

The Wholesale WBIATS Customer may elect to convert to a new TVP period subject to the following conditions:

- (a) Credit will not be given toward the new payment period for payments made under the original TVP arrangement.
  - (b) Nonrecurring charges will not be reapplied for existing service(s).
  - (c) If the new TVP period is shorter in length than the time remaining under the existing TVP, the change to the new TVP period constitutes a discontinuance of the existing TVP service and termination liability charges apply.
- (4) Rate Changes The Wholesale WBIATS Customer may terminate the TVP without penalty or liability should the rates increase during the term of the existing TVP, with the exception of rate changes that may occur as a result of any rate increases resulting from FCC prescription or order that either directly or indirectly affects the cost to the Company of providing WBIATS.
- (5) TVP Conditions After enrolling in the plan, the Wholesale WBIATS Customer may delete or add WBIATSs rated at the specified term period/threshold level rate at any time during the plan.
- (6) Monthly Minimum Charge for Volume Commitment A Monthly Minimum Charge applies for each volume commitment. In the event aggregate charges at the TVP rates applicable for the ordered speeds for the individual WBIATS lines provided by the Company to the Wholesale WBIATS Customer are less than the Monthly Minimum Charge for the TVP ordered by the Wholesale WBIATS Customer, the charge by the Company to the Wholesale WBIATS Customer for the month for WBIATS lines will be the Monthly Minimum Charge in lieu of the aggregate of individual line charges. If the aggregate of individual line charges for a month is higher than the Monthly Minimum Charge, the Wholesale WBIATS Customer is liable for the charges aggregating higher than the monthly minimum charge.

Notwithstanding billing of a Monthly Minimum Charge for WBIATS lines, the Wholesale

FIDELITY TELEPHONE COMPANY RATES, TERMS AND CONDITIONS JULY 1, 2018  
WHOLESALE WIRELINE BROADBAND INTERNET ACCESS TRANSMISSION SERVICE

WBIATS Customer remains liable for any charges under these Rates, Terms and Conditions other than line charges that apply for a month such as the WBIATS Network Reconfiguration Charge or Nonrecurring Charges. Additionally, the Wholesale WBIATS Customer's duty to pay for ETS charges under NECA Tariff FCC No. 5 are not affected by the monthly minimum charge for TVP elections under these Rates, Terms and Conditions.

- (7) Termination Liability When a TVP is discontinued prior to the end of the commitment term, termination liability charges comprise the Monthly Minimum Charge for the applicable term and volume commitment. Monthly Minimum Charge amounts are listed at Section 4.2.C following.

3.4.F Monthly Transfer Limitations

The Company, in its sole discretion, reserves the right to monitor bandwidth usage (i.e., monthly data transfer rate) for each individual WBIATS line and determine when such usage is in excess of the monthly transfer limitation for the WBIATS offering. The monthly period for monitoring is the same month as that for which service is billed by Company to Wholesale WBIATS Customer for the WBIATS line. In the event Wholesale WBIATS Customer exceeds the monthly limits established by the Company herein, Wholesale WBIATS Customer must undertake to limit usage within the monthly period or incur additional fees as stated below.

The monthly transfer limitation for the upstream capacity for an offering is equal to 3,000 KBs for each kb of stated upstream speed for an offering. The monthly transfer limitation for the downstream capacity for an offering is equal to 3,000 KBs for each kb of stated downstream speed for the offering. For example, an offering with 1 Mbps upstream speed and 10 Mbps downstream speed would have a monthly transfer limitation for upstream of 3,000 KBs (or 3 GBs) and a monthly transfer limitation for downstream of 30,000 KB (or 30 GBs).

In the event Company monitoring of bandwidth usage indicates imposition of a limitation within the monthly limitation of 3,000 KB per 1 kb, Wholesale WBIATS Customer may order additional monthly transfer capacity for an individual line at a charge of ten cents (\$0.10) per month for each additional 1,000 KB of upstream data transfer and ten cents (\$0.10) per month for each additional 1,000 KB of downstream data transfer. The monthly transfer limitations applicable to the individual WBIATS line for which additional transfer capacity is ordered will be increased from 3,000 KB per kb reflective of the individual monthly transfer capacity ordered for either upstream or downstream.
